For those of you who are visiting our web site for the very first time, we are located in the village of Aspers, Adams County, PA 17304

PA Route 34 is shown above, to the North is Carlisle, PA, and 12 miles to the South is historic Gettysburg, PA. The village of Aspers is a processing center for many varieties of locally grown fruit, and we are surrounded by four townships parts of which are remarked as our "first due" response territory. We also are "second due" to other parts of the general community.
